Thursday, May 16th 2024, 14:15-18:15

SECOND QUANTUM AFTERNOON

14:15-14:30  Prof. Michael Molls (TUM-IAS)  
Opening Speech I

14:30-14:45  Prof. Hans-Joachim Bungartz (TUM)  
Opening Speech II

14:45-15:30  Prof. Robert Wille (TUM)  
Design Automation for Quantum Computing

15:30-16:00  Coffee break

16:00-16:45  Dr. Fabienne Marco (TUM)  
Pathways to quantum entanglement: Responsible Research and innovation strate

16:45-17:30  Prof. Maria Luisa Dalla Chiara (University of Florence)  
Logics from quantum information and possible applications

17:30-18:15  Prof. Klaus Mainzer (TUM)  
From the Quantum World to Quantum AI

The seminar series is funded and sponsored by
